"On A Bus"

Liquor market, lots of flats
Another 24-hour chemist and self-serve gas
I said, "All these things they serve me well"
I said, "All these things they serve me well"

It's hypnotizing, it sends me to sleep
No one talks to anyone else
It's frightening
Everybody's minds are blank, oh, hypnotizing

I'm always using you when I'm out of cash
I stare through this window in a bus moving fast
I said, "All these things they serve me well"
I said, "All these things they serve me well", yeah

It's hypnotizing, it sends me to sleep
No one talks to anyone else
It's frightening
Everybody's minds are blank, oh, hypnotizing

It's hypnotizing, it sends me to sleep
No one talks to anyone else
It's frightening
Everybody's minds are blank, oh, hypnotizing

Liquor market, lots of flats

I said, "All these things they serve me well"
I said, "All these things they serve me well", yeah

It's hypnotizing, it sends me to sleep

It's frightening
Everybody's minds are blank, oh, hypnotizing
