"One By One"

Visit "[One By One](#)" on MotoLyrics.com

And when your heart stops beating
And the stars stop shining
When all your tears go dry
Honey one by one

I will still be there
I will sing your song
And come to you
All night long

And is this all that it seems
Cause this is all that we need
When all the thorns are cut away
Baby one by one

Will you still be there
Will you sing my song
And come with me
All night long

And all your kisses linger
Like they always do
Let all that spirit in you
Take it to the end

I will still be there
I will sing your song
And come to you all night long
