Do, do, do, do. Do, do, do, do  
Do, do, do, do. Do, do, do do

Don't tell me your name, just use that pretty mouth  
To kiss me if you want this, but I want you inside out  
Start here at the end and later, when we're waking  
Our bodies still weak, we finally meet, turn my head  
and say

We could be perfect strangers, let's spend tonight  
We could be perfect strangers, hello, won't you look in  
my eyes?  
Don't let this bad world change you  
You got places to go, so much further than I can see

We could be perfect strangers  
Thank you for spending one night with me

Do, do, do, do. Do, do, do, do  
Do, do, do, do. Do, do, do do

Let's just keep this simple  
In the AM it's goodbye  
The syrup's so much sweeter when you let the butter fly  
So spread your wings and go, it's better not to know  
What I'm gonna miss, I'll remember your kiss when I  
turn my head and say

We could be perfect strangers, let's spend tonight  
We could be perfect strangers, hello, won't you look in  
my eyes?  
Don't let this bad world change you  
You got places to go, so much further than I can see

We could be perfect strangers  
Thank you for spending one night with me

We are passing trains, we are whiplash lovers  
We are burning wax melting all over each other

We could be perfect strangers, let's spend tonight  
We could be perfect strangers, hello, won't you look in

my eyes?  
Don't let this bad world change you  
You got places to go, so much further than I can see

Everyone wants you but nobody knows that you're so  
alone inside  
We could be perfect strangers  
Thank you for spending one night
