Show me, show me  
Show me how  
Show me, show me  
Show me how

Oh, cherry  
Oh, cherry baby  
Oh, cherry  
Oh, cherry baby

Oh, cherry  
Oh, cherry baby  
Oh, cherry  
Oh, cherry

I found you wanting  
Like everyone  
Always trying  
Happy lying

'Cause I'm no stranger  
To the ways of the world  
I felt like crying  
I felt like dying

We took a coffee  
You took it so strong  
Shaded from the neon  
I could still see your eyes

Oh, cherry  
Oh, cherry baby  
Oh, cherry  
Oh, cherry baby

Oh, cherry  
Oh, cherry baby  
Oh, cherry

Oh, cherry baby

Found in the gutter

With a knife in her back  
Letter said, "Sorry  
Please don't worry"

She had a lover  
With danger in his eyes  
I tried to tell her  
But she had the wildest heart

Show me, show me  
Show me how  
Show me, show me  
Show me how

Oh, cherry  
Oh, cherry baby  
Oh, cherry  
Oh, cherry baby

Oh, cherry  
Oh, cherry baby  
Oh, cherry

Show me, show me  
Show me how  
Show me, show me  
Show me how

Show me, show me  
Show me how  
Show me, show me  
Show me how
