Yesterday I got a space shuttle
Time I was gone
Tell me for my sanity
How do I get out of here?
I'm gonna find some dreams
I'm gonna find some luck
Well that's not you want
Wish me luck

Yesterday I got a space shuttle
Time I was gone
Tell me for my sanity
How do I get out of here?

I was wrong
You're just protecting me

Time I was gone
Time I was gone
Time I was gone
Time I was gone

I'm gonna find some dreams
I'm gonna find some luck
Well that's not you want
(I say) Wish me luck

Yesterday I got a space shuttle
Time I was gone
Tell me for my sanity
How do I get out of here?
How do I get out of here?
Time I was gone
Time I was gone
Time I was gone
Time I was gone
Time I was gone
