It's the swing  
It's the swing like a pendulum  
It marks the moments as the years go by on an  
innocent face  
The swing, into never never land

There was a darkness like an old friend  
That scratched and crawled up the wall  
Into my life  
Into my destiny  
Into my desire

It's the swing  
It's the swing like a pendulum  
So look behind you when the race has run  
And the winner is made

The swing into never never land  
There was a darkness like an old friend  
That scratched and crawled up the wall  
Into my life

Well it's the swing  
The swing like a pendulum  
Between the kisses and between the lines  
There is nothing to hide

The swing into never never land  
There was a darkness like an old friend  
That scratched and crawled up the wall  
Into my life  
Into my destiny  
Into my desire

Yeah, the swing  
It's the swing like a pendulum

It's the swing  
It's the swing like a pendulum

It's the swing
