You got to make a sense, ya
Everything affects you
Turning up the pressure
But can you keep it on?

Well it's only time
It's only time that makes you
Well it's only time
It's only time that breaks you

Yeah, they're gonna make ya
Pay for the crime
And put you up in cages
Treat you unkind

Well it's only time
It's only time that makes you
Well it's only time
It's only time that breaks you

It's only it's only time
It's only, yeah

All your plans are made now
Just like they told you
So what becomes a Monday
Now that Sunday's gone
All you ever wanted
Will come to you one day
Just when you taste it
You turn and walk away

Well it's only time
It's only time that makes you
Yeah it's only time
It's only time that breaks you
Well it's only time
It's only time that makes you
Well it's only time
It's only time that breaks you

Well it's only time

Well it's only time
Well it's only time
Well it's only time
Well it's only time
