You were born beneath a rising star  
Carry you over thorny ground  
down silver streams and water falls  
Into Geordies field  
at the old oak tree  
Hand in Hand to the linen mill  
Im with Clara bell and the daffodills  
we love to go where the wishes grow  
at the start of tiny summer  
I was here before when i was young  
I used to run megargy road  
Now you are young and i am old  
Times like smoke through a key hole  
Hand in Hand to the linen mill  
Im with Clara bell and the daffodills  
we love to go where the wild flowers grow  
tiny summer Tiny summer  
Walk the blue bells x3

Into Geordies field  
at the old oak tree  
Chorus  
Hand in Hand to the linen mill  
Im with Clara bell and the daffodills  
we love to go where the wishes grow  
at the start of tiny summer  
Walk the blue bells
