What is the name to call  
For a different kind of girl  
Who knows the feelings  
Never the words?

To look at you and never speak  
Is so good for me tonite  
To look at you and never speak  
Is so good for me tonite

What is the name to call  
For a different kind of girl  
Who knows the feelings  
But never the words?

Who do you ask when there's no one left to turn to?  
You ask me and I'll always try to hear  
Past money and colors and make believe  
Good cheap values for a thrifty clown

To look at you and never speak  
Is so good for me tonite  
To look at you and never speak  
Is so good for me tonite  
To look at you and never speak  
Is so good for me tonite

What is the name to call  
For a different kind of girl  
Who knows the feelings  
But never the words?

What do you fear in the simple  
Still of a summer's nite?  
I understand, I sympathize for a day dream  
Fairy tales and I love you

What is the name to call  
For a different kind of girl  
Who knows the feelings  
But never the words  
To this real life documentary?
