No division in the ranks
The lines are long and proud
No question on their lips
But there will always be doubts

Like a Chinese painting
All red with its message
A flag, high in the sky
Twists and turns, its language

Underneath the colours
Red, blue and white
Catch a glimpse of others
From the corner of your eye

With the rise and fall of
The conductors blind hand
I play, Russian Roulette
I'm an angry young man

Underneath the colours
Red, blue and white
Catch a glimpse of others
From the corner of your eye

No division in the ranks
The lines are long and proud
No question on their lips
But there will always be doubts

Underneath the colours
Red, blue and white
Catch a glimpse of others
From the corner of your eye

Underneath the colours
Red, blue and white
Catch a glimpse of others
From the corner of your eye

Underneath the colours
Red, blue and white

Catch a glimpse of others
From the corner of your eye

Underneath the colours
Red, blue and white
Catch a glimpse of others
From the corner of your eye
