(Kerry Phillips/Casey Beathard)

Well it's Friday evenin' six o'clock  
And all my friends are twistin' off  
I'm at the house just turnin' on T.V.  
And they all wonder why I've changed  
How many times must I explain  
It's basic honky tonk anatomy

The drinkin' bone is connected to the party bone  
The party bone's connected to the stayin' out all night  
long  
And she won't think it's funny  
And I'll wind up all alone  
And the lonely bone's connected to the drinkin' bone

Hey two plus two is always four  
And down is south and up is north  
Thirty-two degrees is freezing cold  
You play with fire you end up burned  
The early-bird gets the worm  
But the only thing you really need to know  
Is...

The drinkin' bone is connected to the party bone  
The party bone's connected to the stayin' out all night  
long  
And she won't think it's funny  
And I'll wind up all alone  
And the lonely bone's connected to the drinkin' bone

Hey sing it with me  
Let's make sure you know....

The drinkin' bone is connected to the party bone  
The party bone's connected tot he stayin' out all ngiht  
long  
And she won't think it's funny  
And I'll wind up all alone  
And the lonely bone's connected the the....

The drinkin' bone is connected to the party bone

The party bone's connected to the stayin' out all night  
long  
And she won't think it's funny  
And I'll wind up all alone  
And the lonely bone's connected to the drinkin' bone
