I was seventeen, just getting started
Every weekend was a non-stop party
Chasing girls and cruising town
It was nightclubs all through my 20's
And 3a.m. breakfast at Denny's
Back then I thought by now
I'd be slowing down

But the older I get the more I feel like rockin
I'm not talking about sitting in a chair on the frontporch
watching
I'm just now coming up over the hill and I got no plans
of stopping
Cause the old I get the more I feel like rockin

Used to think that life stopped at thirty
Had to get all your fun in early while you still had the
chance
But when thirty comes, forty looks younger
Life is sweet and I still feel the hunger
And I still wanna dance, so crank up the band

Cause the older I get the more I feel like rockin
I'm not talking about sitting in a chair on the frontporch
watching
I'm just now coming up over the hill and I got no plans
of stopping
Cause the old I get the more I feel like rockin

Yes, I do

Yeah, I'm just now coming up over the hill and I got no
plans of stopping
Cause the old I get the more I feel like rocking
I feel like rocking, gotta keep on rocking
