A quick snap and that was it..
After we've shared a moment, after I held you tight in
my arms, after I told you how beautiful you are.

And after I had one too many whiskies and got
emotional.

You've just experienced the cruel honesty of the Now.
A look upon your careless virgin body from the upper
balcony
And I knew this flawless silver surface had to be mine.

I had a huge confirmation growing in my pants
pressing me to go on

With the said deed
Drive by a lust close to animal instincts,
(But since there's no disrespect, this is wrong and I'm
sorry.),
I'm sorry... so sorry

I reacted before any kind of conscience
Would pollute the uniqueness of the event.

I can't help it, the sensation is too high,
The climax, is perfect..
After two weeks of legitimate abstinence,
It had to be settled somehow?

Yeah I heard the rumours too,
The ones stipulating that I've lost my reason on the
account of lust...

I'm afraid I'll have to confirm that to the proper
authorities very soon.

As for you love;
Look on the bright side child, you'll never grow old
So how come to me, you are still so very cold
