We've been chasing down our anger,
but it never gets us far,
made a pact to seek out vengeance,
all we ever found was scars,

In this film you'll play the victim,
you've been typecast in the role,
covenant deals were mis-deciphered,
hes been buying up these souls,

So save yourself the trouble,
keep your excuses for yourself,
when you die you'll see the tunnel,
but there wont be no light,
cause nothings ever gonna be.....alright,

As close as you will come to greatness,
best thing you will ever taste,
you curse the ease and scold your patience,
were regret upon your face,

incarcerated like a convict,

choose to serve your easy time,
a cowards life will be your sentence,
and excuses are your crime,

So save yourself the trouble,
keep your excuses for yourself,
when you die you'll see the tunnel,
but there wont be no light,
cause nothings ever gonna be.....alright,

We almost see the end in here,
the best ain't good enough,
the devils breathing in our ear,
the best ain't good enough,
the best ain't good enough,

Was there a future that was once bright,
i cant seem to recollect,
im in-debuted to these demons,

and their coming to collect.
