With all the tears and rain  
In every pleasure and every pain  
And despair, delight, disdain  
I hurt you, didn't i?  
The summer was almost gone  
I won't forget the first time  
Swimming in pools of your innocence  
Leave your mark and the colourflow of you

Hey don't you feel sensation?  
Hey don't you feel the yearn?  
Just lying there for the taking  
Don't give, make me earn all your love  
Promise me all your soul  
Give to me all your heart  
You'll never be on your own  
For all your life

You know you made me shine  
Through orange lights and wet streets  
But that's outside our undercover  
You concerned me when you showed me  
The colourflow of you

Hey don't you feel emotion?  
Hey don't you feel spellbound?  
Just lying there for the taking  
What you lost I found all your love  
Promise me all your soul  
Give to me all your heart  
You'll never be on your own  
For all your life

Some people make it look so easy  
Some you think they'd never heard of compromise  
But we can speak oceans by motions  
We simplify all your love  
Promise me all your soul  
Give to me all your heart  
You'll never be on your own  
For all your life

The colourflow of, colourflow of, colourflow of you
