I got a handle on it, I got a handle on it
I got a handle on it, I got a handle on it
You said waste your time, but don't do it without me
That's some sound advice
I was drunk on Elvis cole, pumping Sin Dog Jelly Roll
I was falling towards the hole but it's ok I got a handle
on it
I got a handle on it, I got a handle on it
I got a handle on it, I got a handle on it
You're a funny boy, with a funny face
That deserves a smile
As we spun out of control, and we knew we'd do it all
I rewound the jelly roll
To replay side b, I got a handle on me
Should have left that shit at home

It makes me feel alone
But then you would have stayed home too
And I've got a thing for you
And you've got a thing for me, watching fireworks by
the sea
Finding balance on your knees as I'm watching you go
down on me
Can we fix our face, in a darkened place
So we look like junkies
It's not being vain it's just staying sane
And I've lost my keys
We could roll around some more, find some secrets on
the floor
Turn our troubles into more
Get our inspiration back, all the art that our lives lack
'til we do this shit, I got a handle on it.
