Hey why don't
We take a while
In lethargy
Wet with style
So you can see
The inner mile
And we'll wake
Before the vision
Is gone and while
We sleep I'll cradle
You make no mistake
I'll fit this shoe
Play like a child
On his maiden vei
And we'll smile
Untill the vision
Is gone i want to
Be remembered
Not some drop
On the ocean

Like a creature
Dismembered by
A careless wheel
Inhale what
I feel and breath
Some life into me
Blessed entity
This creature created
By you just for me
Breeze dance over me
In the cooling night
Drink to this memory
For my thirsty sight
And when we die
May the vision live on
Say goodnight to
The vision so long
