Miran verse1:

Look at me now I'm making songs with Byz  
It means when it's all over I guess I'm pissed to  
squeeze  
It's no quiz I'm gonna let your people know how it is  
We got a mic and a studio with lyrics and some beats  
When it's all mixed and we got a full song  
Bitches wanna come along show their ass in the thong  
No, no hell no I'm gonna let you all now  
That a bitch is a bitch and I'm a let a bitch blow my di\*k  
It's sick, I pick a chick to lick so I lick the clit the clock  
tick  
When I kick my sh\*t on a beat that you never heard  
before  
With a show me and Byz and TeeTee you know  
I'm the king of the mic and I gotta have it my way  
Jump jump like you never jumped from night to day  
I use the mic like a joint but I never spit spit  
Byz say what you gotta say

Byz:

We're gonna keep doing the sh\*t  
Just keep on jumping  
Listen to me when I spit  
There's always something  
Tonight no one is legit  
Just keep on shaking  
There is no way we will quit  
The night is here for taking

Na na na na na na

Na-Na na na na na na na na na (x5)

Miran verse2:

It's the verse two what the fukc am I supposed to do  
I got my whole crew flips out pissing on you  
It's not nice I but I got a dick, my dick I flap you in your  
forehead  
It's gonna take a few seconds don't be mad  
I got my dick and I'm slapping you across the room  
Freaks see my big dick and they say kaboom

It's like a crow to my dick it's like as big as the moon  
Beaches saying to my face "I wanna hook up with you  
soon"

Okay, but I got one thing to say  
I only fukc a bitch once and then another next day  
I don't play and I always gotta have it my way  
So ey! Get naked on the bed and just lay  
I got a bitch on the bed see you give it to me hard  
Alright, but don't sew me cause I left that ass starred  
I'm a gigolo hoe, you better gimme my dough  
I'm making money on my dick I wont the globe to know

Na na na na na na  
Na-Na na na na na na na na na (x5)

Byz:  
We're gonna keep doing the sh\*t  
Just keep on jumping  
Listen to me when I spit
