

## Iq "Failsafe"

Visit "[Failsafe](#)" on MotoLyrics.com

"Do you seek enlightenment  
Are you too frightened to speak ?  
Short of experience here where the flesh is so weak  
Trust in these hands, let them attend to you  
We understand, we all intend for you  
To stand amongst friends"  
"Are you remembering  
Do I revive your neglect, my one ?  
A price must be paid for your sin  
And I'm here to collect  
All that you are is all that you'll ever be  
Unless on your hands and knees  
You put all your faith in me"  
Leave me alone, I don't belong here  
I'm not your candidate, guaranteed failsafe  
I'm on my own  
I don't know, I don't know ...  
Bible bashing fashion victim  
Should have kicked him  
When he couldn't get arrested  
Uncontested will to carry on is gone  
Inside his head, he's dead  
He said, "I never was alive  
I died with knives and nails and nightingales  
This is all the anger I can hold"  
Kennedy, remember me, I cannot bury you  
Until I stare into the mouth of hell  
Time alone will tell me how to  
Spend the time alone without you  
Listen to the songs about you, run for cover  
Gunnery unrevealed will aim to please another son  
I can't go on, help me make that Golden Dawn  
Because for all we know we're done and dusted  
Must it end like this, here and now, here and now ?  
I don't belong here  
There's nothing now My eyes won't recognize  
I'm all wrong here, let me go, I'm not for changing  
I don't belong here  
I'm not your victim and I don't believe  
I'm not strong here, no religion, nothing more  
I'm telling you know, I'm not your candidate  
Guaranteed failsafe

I'm caught in a headrush  
I'm out of control
