I wish I had a penny  
For every time I told her I loved her  
But that sincerity I know won't raise the fare  
She was born with a wanderlust  
And against the odds she made the grade  
Now out of sight is out of mind to her  
I'm scared...  
It's a big bad big bad dead end world

If I close my eyes I can't forget you, stranger  
In my sleep I see you dancing into danger

Mister don't shoot her  
You can't see the whites for the reds of her eyes  
Maybe she's been crying over me  
While you're lying over her

Talk of us is words in perfect tenses  
It seems that action men have broke down your  
defences

We're passing strangers  
But your leaving left me wondering why  
These times have changed us  
Caught in the middle of a big bad dead end world  
Caught in the middle of a big bad dead end world

Friends rally round but it's not just a question of  
sympathy  
Others come and go why won't you come and go with  
me?

We're passing strangers  
But your leaving left me wondering why  
These times have changed us  
Caught in the middle of a big bad dead end world  
Caught in the middle of a big bad dead end world
