I'm giving up I'm giving in this is a battle that I can't win
Times running out loves running off everything's slowly
withering
Away, Love's running off away from me

I'm right by your side
But my hands are tied
I can't make you change your mind and my
Heart's paying the price of falling

And I don't wanna talk about it
I'm all out of words
There's nothing left thinking we both have it there
I don't even wanna go there I just want out
I've made up my mind
Cleared all the doubts
Cause I'm stuck on a one way street
Making it impossible for us to meet
I don't wanna talk about it
No I don't wanna talk

Learning to stand learning to walk Learning to Live all
over
Again trying my wings again and though
You're right by my side but your hands are tied You
can't make me change my mind and my
Heart's paying the price of Falling

And I don't wanna talk about it
I'm all out of words
There's nothing left thinking we both have it there
I don't even wanna go there I just want out
I've made up my mind
Cleared all the doubts
Cause I'm stuck on a one way street
Making it impossible for us to meet

Don't wanna cry just wanna try to forget
All out of air I dunno where to begin
No I don't wanna cry I just wanna cry to forget
Cause it hurts when you start thinking of what could've
been

And I don't wanna talk about it
I'm all out of words
There's nothing left thinking we both have it there
I don't even wanna go there I just want out
I've made up my mind
Cleared all the doubts
Cause I'm stuck on a one way street
Making it impossible for us to meet
