I don't care
I don't mind
I don't care
I'm aware
I don't mind
I don't fear

I don't care
I don't mind
I don't care
I'm aware
I don't mind
I don't fear

Nothing's easy
You gotta take it with a pinch of salt
Nothing's pleasing
You always want that little bit more
What is certain
You never gonna make me feel small
Not in this life, not in my mind, not ever again

I don't mind

I'm aware

I don't care

I don't fear

I don't care you don't know me
Enough to talk about me
You can say all you want to
Love me or hate me
I don't care and I'm aware
I live my life so beautiful
Is that good enough for you?

I don't care you don't know me
Enough to talk about me
You can say all you want to

Love me or hate me
I don't care and I'm aware
I live my life so beautiful
Is that good enough for you?

I don't care you don't know me
Enough to talk about me
You can say all you want to
Love me or hate me
I don't care and I'm aware
I live my life so beautiful
Is that good enough for you?

I don't care you don't know me
Enough to talk about me
You can say all you want to
Love me or hate me
I don't care and I'm aware
I live my life so beautiful
Is that good enough for you?
