I've been in search of love like never before  
It never seemed to come my way  
The one night stands, and all the parties galore  
The pain inside was here to stay  
But then out of the mist a ray of light  
You came to warm my lonely nights

One step, away,  
Love is our destination  
Come take my hand, lead the way!  
One touch, from you,  
Lights my imagination,  
Tonight, as one, me and you  
Your warm, embrace,  
It's time for celebration,  
Reach out, you'll find me night and day..  
One step away!

I sometimes think you're a fantasy  
A lover's dream that came true  
Your smiling face made all my tears run dry  
And you're the only reason why.

One step, away,  
Love is our destination  
Come take my hand, lead the way!  
One touch, from you,  
Lights my imagination,  
Tonight, as one, me and you

We'll ride the waves and touch the sky above, we've  
got tonight  
The moon and stars can share our love..

One step, away,  
Love is our destination  
Come take my hand, lead the way!  
One touch, from you,  
Lights my imagination,  
Tonight, as one, me and you  
Your warm, embrace,

It's time for celebration,  
Reach out, you'll find me night and day..  
One step away!
