I'm here dont you even want to know me
I'm here I can feel you speaking softly
So alone drowning in your fear and anger
You curse every minute that i'm breathing

And thought it hurts you try to open up your eyes
Can you feel me I am kicking Im alive

I'm alive
I'm alive
So Alive
Now I know where i belong
I just wondered all along
I'm alive

Let go of all your thoughts and inhibitons
I know maybe its my intuition
Believe, didnt choose to be here with you
Time stands still and you try to think it over

And thought it hurts you try to open up your eyes
Can you feel me I am kicking Im alive

I'm alive
I'm alive
So Alive
Now I know where i belong
I just wondered all along
I'm alive

Was it hard to say?
Every single day you wanted to be strong
all along
Even in your mind
when you try to find what youve been looking for
then you'll realise I'm yours and...

I'm alive
I'm alive
So Alive
I'm alive

I'm alive
So Alive
Now i know where i belong
I just wondered all along
Day by day i make you strong
Now i know where i belong
I'm alive
