I'm not the kind of girl that you take home
I'd rather be, all alone
Cause I have learnt my lesson far too well
And now I think I've finally found myself
Figured out a way to get me out of this place
Getting sick and tired looking at your face

(Chorus):

Don't you see, that I'm not happy anymore?
Next time around, I'll be stronger than before
Don't you think what goes around comes around?
Now you need to know if i'm gonna go and be with
someone else

So now you call me just to make things clear
And i don't know why you suddenly appear
You don't know what you've got until it's all gone away
And I guess you've finally lived to see that day
Figured out a way to get me out of this place
Getting sick and tired looking at your face

(Chorus):

Don't you see, that I'm not happy anymore?
Next time around, I'll be stronger than before
Don't you think what goes around comes around?
Now you need to know if i'm gonna go and be with
someone else

Figured out a way to get me out of this place
Getting sick and tired looking at your face
Now you need to know if i'm gonna go and be with
someone else

(Chorus):

Don't you see, that I'm not happy anymore?
Next time around, I'll be stronger than before
Don't you think what goes around comes around?
Now you need to know if i'm gonna go and be with
someone else

(Chorus):

Don't you see, that I'm not happy anymore?

Next time around, I'll be stronger than before
Don't you think what goes around comes around?
And Now i'm gonna go and be with someone, someone
else
Someone else,
Now you need to know if i'm gonna go and be with
someone else
