Everything around me, seems to wither at my touch  
All I am, is all I hate so much...  
How could I have put you through a mess as big as this,  
Why didn't I foresee it come to this

The things that I've said, they're all in my head

CHORUS:

I can tell you where I've been  
I can tell you who I've seen  
But I don't know... who I am to you

I know you can read my mind  
But if only you could try  
So tell me, tell me, tell me who I am

Told me that you loved me  
I was walking through that door  
Tellin' you "I've heard all that before"  
I don't want to stay  
You hurt everyday

CHORUS (x1)

The things that I've said, they're all in my head

I can tell you where I've been  
I can tell you who I've seen  
But I don't know... who I am to you

I know you can read my mind  
But if only you could try

I can tell you where I've been  
I can tell you who I've seen  
But I don't know... who I am to you

I know you can read my mind  
But if only you could try  
To tell me who I am, Who I am

Tell me, tell me

But if only you could try  
So tell me, tell me, tell me... Who I am
