Everybody is in the mood for dying
or just wants to leave

Everybody is in the mood for lying
or does not believe

Everybody could be somebody else
somewhere else

Everybody is in the mood for loving
or sleeps love away

Everybody is in the mood for falling
and fails everyday

Everybody is in the mood for dying
and dyes everyday

war is over if you wanted it
peace is over if you wanted it
faith is over if you wanted it
you are nothing if you wanted it

war is over if you wanted it
peace is over if you wanted it
faith is over if you wanted it
you are nothing if you wanted it
wont you resit it wont you forgive
wont you believe it wont you speak to me

wont you resit it wont you forgive
wont you release it wont you speak to me

wont you resit it wont you forgive
wont you believe it wont you speak to me

wont you resit it wont you forgive
wont you release it wont you speak to me

war is over if you wanted it
peace is over if you wanted it
faith is over if you wanted it

you are nothing if you wanted it

war is over if you wanted it
peace is over if you wanted it
faith is over if you wanted it
you are nothing if you wanted it

if you want it
if you want it
