The story I wish to tell
Took place some time ago
I met a girl, she cast a spell
Upon my soul

Her eyes as deep as two wells
Black polish on her nails
She smiled and said: Don't trust me, boy
My name is Joy

She wove a web of lies between us
I fell for her because

The days we spent together
And nights we shared were sweet
She showed me hell through heaven
I kissed her lips and feet

She disappeared like she came
A shadow in the air
And now I know her very name
Her name is "despair"

She wove a web of lies between us
I fell for her because

The days we spent together
And nights we shared were sweet
She showed me hell through heaven
I kissed her lips and feet

She beat me, and no wonder
The game she played was foul
She left me torn asunder
She was my femme fatale

The days we spent together

And nights we shared were sweet
She showed me hell through heaven
I kissed her lips and feet

She beat me, and no wonder
The game she played was foul
She left me torn asunder
She was my femme fatale
