People say I'm naive
Wearing my heart on my sleeve
And it will surely break
If love should ever leave

But I don't mind what they say
I know this love is gonna stay
Cause in the deepest part
Of my heart of hearts
I know that we will
Always be this way

(CHORUS)

I know you were made for me
Nothing can ever change
It's meant to be
Just like the moon was
Made for a lonely night
You are my light

Forever in this light

I thought I knew love before
With you I've found
There's so much more
More than the love we make
It's the feelings
We two can explore

We're just a woman and a man
We'll make mistakes like we all can
But through it all, you'll see
By your side, I will be
Growing closer to you
Each passing day

(CHORUS) 2X

I've heard it said
That love is a crazy game
You play a little while
Then the partners change

Somehow my heart knows our
Love has stood the test of time
You'll be mine

(CHORUS) 4X to fade
