Hello?

Hi! It's me
It's been a long time

Do you recogn-eyez
my salty flavour
I took the further smite
It's now or never
Boy it's too easy
Don't keep on runnin' far from me
You run from me

I... loved my pleasant measures
A stuff for you to come in
Your's a slow dependence on what it is
and what it seemed

Heard the bell ring on and on
such a weapon, why?
That's the way you should know
I can bashfully hide

The best of you isn't natural
The last of you was for real
My song, its sound, all is invisible

As long as I'm here
You'll see me!

Do you recogn-eyez
my salty flavour
I took the further smite
It's now or never
Boy it's too easy
Don't keep on runnin' far from me

You run from me

It's been a long time

Lay on a bed

I've tried to give vent to yourself alone
My legs caress you warm
waiting for the summer dawn
Well, I'm not the girl anymore
Who casts away your care
Lend me your trust and I know how to dare

The best of you isn't natural
The last of you was real
My song, its sound, all is invisible
As long as I'm here
You'll see me!

Do you recogn-eyez
my salty flavour
I took the further smite
It's now or never
Boy it's too easy
Don't get around and far from me
You run from me

you run, you run, you run, you run...
You run from me...
Oh why do you run from me?
Do do ra ra ra ra ra....

You run from me...
Do you recogn-eyez...
