Start the engine, let's go
We need to know
How do we get out of here
'Cause it's out of control

Then we fall down, we fall down
Around and round we go with this merry life
You asked me once, I told You twice
There's a difference between black and white

You have made us for Yourself
And our hearts are restless till we rest in You
You have made us for Yourself
And our hearts are restless till we rest in You

I was looking for it all
You came the wrong way
I was looking for it all
I looked the wrong way

Then I fall down, I fall down
You asked me once, I told You twice
There's a difference between wrong and right

You have made us for Yourself
And our hearts are restless till we rest in You
You have made us for Yourself
And our hearts are restless till we rest in You

You have made us for Yourself
And our hearts are restless till we rest in You

I want somethin' else in this life
I want somethin' else in this life

You have made us for Yourself
And our hearts are restless till we rest in You
You have made us for Yourself
And our hearts are restless till we rest in You

You have made us for Yourself
And our hearts are restless till we rest in You

You have made us for Yourself
And our hearts are restless till we rest in You

You have made us for Yourself
And our hearts are restless till we rest in You
You have made us for Yourself
And our hearts are restless till we rest in You
