All my life has been
A returning to innocence
And all my time is spent
Believing in Your existence

So break me and make me
And teach me what I gotta know
Show me and give me
My faith that breathes life into my soul

Now I've gone to sleep
I've been dreamin'
About what You promised me
This dream is for real
It changes the way that I feel

So break me and make me
And teach me what I gotta know

Show me and give me
My faith that breathes life into my soul

Into my soul

All my life has been
A returning to innocence
And all my time is spent
Believing in Your existence

So, won't You come?
Won't You come and break me?

Break me and make me
And teach me what I gotta know
Show me, give me
Faith that breathes life into my soul

Break me
Give me faith that breathes life right into my soul
