Was I not born up in the sky?
When all there was, was you and I
So far from home
I was not meant to walk alone

I was drowning in a holy war
Now you're leaving me notes on my door
Stranded on the shore
You're leaving me notes on my

I went in search of a greener place
Like some, lost star in outer space
Ship lost at sea
Dry land was right in front of me

I was drowning in a holy war
Now you're leaving me notes on my door
Stranded on the shore
You're leaving me notes on my
Is it you, is it you, is it you
Wrapping notes on my door in a tune?
Red sky, the sun is settling in
I think I hear reindeer on the roof again

Laughter for the pain
My life you rearranged
Break on through if it's you, if it's you
If it's you, if it's you, lets go

I was drowning in a holy war
Still you're leaving me notes on my door
Stranded on the shore
You're leaving me notes on my door

I was drowning in a holy war
Now you're leaving me notes on my door
On my door, on my door
Leaving me notes on my, let's go
