When I'm down You are there for me
When I lay my head, You are there beside me
You are there for me when I'm lonely
You are there for me when I'm alone

Humbly, I come to You
So gently You speak to me

When I'm down You are there for me
When I lay my head, You You're there beside me
You are there for me when I'm lonely
You are there for me when I'm alone

Humbly, I come to You
So gently You speak to me

Humbly, I come to You
So gently You speak to me

I can't always hold on to the things of yesterday
Will bring me something new
Maybe we can be together
I will always come running back to You

You are holy, You are worthy
Lord you're always faithful to me
I will wait on You Lord

Humbly, I come to You
So gently You speak to me
Humbly, I come to You
So gently You speak to me

Humbly, I come to You
So gently You speak to me
