Come and find me
I've been hiding from you
Come and get me
Running from you

It's been easy
Easy for you
To believe me
When I say I love you

But what would you do when my house was empty?
My life in a bag and away from you
You took my love for granted would you really miss me?
Any other guy would do, but would you?

It's a secret
And a question for you
Where I'm at now
What are you gonna do?

If you run here
And look for me now
Are we done here?
Or starting somehow?

But what would you do when my house was empty
My life in a bag and away from you
You took my love for granted would you really miss me?
Any other guy would do, but would you? Would you?

It's a two way street and I know that
But don't look back
Still I wonder, still I wonderâ€¦

What would you do when my house was empty?
My life in a bag just to be with you
But when I'm at your door will you say you missed me
Any other guy would do, yeah any other guy would do
But would you?
