I know why you're lonely and I know why you're blue  
You're lonesome to see him and I long to see her too  
We're not in love with each other, we're in love with our  
best friends  
So let's invite them over again

We've talked it over and over and we know it's not right  
We should stay away forever but we're lonesome each  
night  
Yes we stay away for a while but we know in the end  
We'll invite them over again

We've talked it over and over and we know it's not right

We should stay away forever but we're lonesome each  
night  
Yes we stay away for a while but we know in the end  
We'll invite them over again  
Let's invite them over again
