I can see
Visions so far away
Day by day
Pictures appear to me
I know it's all because of my mind
There's something wrong in there when I find
That I'm in time of trouble I drink it all away

Have a try
Come down to me one night
Look and find
Drink and you'll be so kind

To be the better one in my way
You have to drink yourself like I say
You'll gonna see then wonderful things and you want
me

To stay

I gotta go on 'cause I need it so
I need it
So badly

I gotta go on 'cause I need it so
I need it
So badly

One fine day
I saw a plane around
In my mind
Also were purple lights

To be the better one in my way
You have to drink yourself like I say
You'll gonna see then wonderful things and you want
me
To stay
