Oh, I've just come from the land of the sun
From a war that must be won in the name of truth
With our soldiers so brave, your freedom we will save
With our rifles and grenades and some help from God

I want to see my family
My wife and child are waiting for me
I've got to go home
I've been so alone, you see

You just can't believe the joy I did receive
When I finally got my leave and I was going home
Oh, I flew through the sky and my convictions could not
lie
For my country I would die and I will see it soon
And I want to see my family
My wife and child are waiting for me
I've got to go home
I've been so alone, you see

When I walked through the door my wife she laid upon
the floor
And with tears her eyes did soar, I did not know why
Then I looked into her hand and I saw the telegram
Said that I was a brave, brave man but that I was dead

I want to see my family
My wife and child are waiting for me
Got to go home
I've been so alone, you see

I want to see my family
My wife and child are waiting for me
I've got to go home
I've been so alone, you see
