Scorching beauty, your sun has risen
Leaving at all to see
If your warmth can touch on anyone
Tell me why cant it touch on me?
Tell me why!

Clad in lace, maiden love understanding
Morning's mist piercing through your gown
Take me in hand, you make me a man
Makes you wish that love could stick around

I never would go, you know, you know, I can't make it
without you
And if you would go, you know, you know, I can't make
it without you
I never would go, I never would go, I never would go,
my, my, my...

I never would go, you know, you know, I can't make it
without you
And if you would go, you know, you know, I can't make
it without you
I can't make it, I can't make it, I can't make it you know

Scorching beauty, my love has been given
Burning your way back into my heart
Working me up to a feverish sigh
Through it all, know I'd be standin' by

I never would go, you know, you know, I can't make it
without you
And if you would go, you know, you know, I can't make
it without you
I never would go, I never would go, I never would go,
my, my, my...

I never would go, you know, you know, I can't make it
without you
And if you would go, you know, you know, I can't make
it without you
I can't make it, I can't make it, I can't make it you know
