Waiting in the darkness  
Waiting for your soul  
Time to pay the price  
The price of blood  
Don't try to hide away  
Cause the only place to stay  
Is deep down in the dirt  
That's the price of blood

It's growing stronger every day  
The bad conscience in his head  
Never thought it would be like this  
The pain is tearing him apart  
Just a little stupid mistake  
Turned out to be a nightmare for life  
Now he's the one who's suffering  
The Devil is waiting right behind

Hunted by the memories from the past  
Horror visions of the bodies he once smashed

Waiting in the darkness  
Waiting for your soul  
Time to pay the price  
The price of blood  
Don't try to hide away  
Cause the only place to stay  
Is deep down in the dirt  
That's the price of blood

Time is running out  
Now will he be free at last  
From this terrorising hell  
He's been trapped in for so long  
A trip to the other side  
To the world deep below  
Now will he ever find some peace  
Or will his soul forever burn

Hunted by his memories from the past  
Horror visions of the bodies he once smashed

Waiting in the darkness  
Waiting for your soul  
Time to pay the price  
The price of blood  
Don't try to hide away  
Cause the only place to stay  
Is deep down in the dirt  
That's the price of blood

Waiting in the darkness  
Waiting for your soul  
Time to pay the price  
The price of blood  
Don't try to hide away  
Cause the only place to stay  
Is deep down in the dirt  
That's the price of blood
