Hunted by demonic eyes, all I see is burning skies  
Vision seems so real, trying to break free  
This place is spellbound  
The shadow land below the ground  
Voices cut like steel  
Lost without a key

Try to find an open door  
That leads the way to the robot wars

Alone in the dark for ages  
Nocturnal slave from the cradle to the grave  
Alone in the dark for ages  
Eternal slave where the lost soul creeps  
Alone in the dark

Every second seems like a year  
I'm longing to get out of here  
To get back with my brothers  
Keep fighting till dawn  
Prisoner in this twilight  
Salvation will be the sunlight  
Dark warrior rising  
Twisted black and reborn

Try to find an open door  
That leads the way to the robot wars

Alone in the dark for ages  
Nocturnal slave from the cradle to the grave  
Alone in the dark for ages  
Eternal slave where the lost soul creeps  
Alone in the dark

A journey from the dark and from the beyond  
When the time is right for freedom  
The saviour will appear again  
Again

Try to find an open door  
That leads the way to the robot wars

Alone in the dark for ages  
Nocturnal slave from the cradle to the grave  
Alone in the dark for ages  
Eternal slave where the lost soul creeps  
Alone in the dark

All alone in the dark, a tortured soul  
All alone in the dark, a tortured soul
