I can't find home  
I don't know my name  
I don't know the number  
Where do I go  
When nothing seems to make sense at all  
Close to break down  
Tell me what is going on  
I lost my crown  
Give me a reason for a new dawn

What is the mission for me now  
Tell me master tell me how  
Is this the final call  
In the dust I crawl  
Approaching mechanical break down

My awakening  
Turn on the light  
And bring me back again  
The voices from within  
Can this be right  
My satellite or my awakening  
(My awakening)

I don't recall my past  
The memories have disappeared  
Where or what I was  
The place where I belong is lost  
A race from deep within  
I need to find the answer  
A place of deadly sin  
In this hell I fight the cancer

What is the mission for me now  
Tell me master tell me how  
Is this the final call  
In the dust I crawl  
Approaching mechanical break down

My awakening  
Turn on the light

And bring me back again  
The voices from within  
Can this be right  
My satellite or my awakening
