You've got to look deep inside  
and let your inner demons out  
Don't be afraid of what you see  
in the mirror of your soul

The only dream I've ever known  
Slowly fading away  
Dark horizons are closing in  
It's time for the Gathering

Follow the forest  
The Moon will guide the way  
Through the darkness  
Through the Gate of Eternity

Thunderspirit, ride with me  
Rise up from the grave  
Thunderspirit, set me free  
Show the way to the kingdom of the brave

Here I stand all alone  
and I don't know which way to go

But somehow I will arise  
on Resurrection Day

Follow your heart  
Spirit and might in the name of Victory  
Bring me hope to carry on  
O, mighty Thunderlord

Follow the forest  
The Moon will guide the way  
Through the darkness  
Through the Gate of Eternity

Thunderspirit, ride with me  
Rise up from the grave  
Thunderspirit, set me free  
Show the way to the Kingdom of the Brave

Thunderspirit, ride with me

Rise up from the grave  
Thunderspirit, set me free  
Show the way to the Kingdom of the Brave
