Don't look to the eyes of a stranger,
don't look through the eyes of a fool,
don't look to the eyes of a stranger,
somebody's watching when the light goes down.

Don't look to the eyes of a stranger,
don't look through the eyes of a fool,
don't look to the eyes of a stranger,
somebody's watching when the light goes down.

Feel someone's watching you,
you've got to get away.
Is it the first time you've ever felt this scared?

Feel the adrenaline pump,
your heart begins to race,
begin to run now,
the sweat run down your face.

Don't know which way to turn,
you'd better hide yourself,
he's getting closer now,
you'd better improvise.

Just hope you never reach,
the point of no return,
could be the last time,
you see the light of day.

Don't look to the eyes of a stranger,
don't look through the eyes of a fool,
don't look to the eyes of a stranger,
somebody's watching when the light goes down.

Don't look to, don't look to, don't look to the eyes of a
stranger.

Don't look to, don't look to, don't look to the eyes of a
stranger.

Don't look to, don't look to, don't look to the eyes of a
stranger.

Don't look to, don't look to, don't look to, don't look to.
Don't look to, don't look to, don't look to the eyes of a

stranger.
Don't look to, don't look to, don't look to the eyes of a
stranger.
Don't look to, don't look to, don't look to the eyes of a
stranger.
Don't look to, don't look to, don't look to, don't look to.
Don't look to, don't look to, don't look to the eyes of a
stranger.
Don't look to, don't look to, don't look to the eyes of a
stranger.
Don't look to, don't look to, don't look to the eyes of a
stranger.
Don't look to, don't look to, don't look to, don't look to.
Don't look to, don't look to, don't look to the eyes of a
stranger.
Don't look to, don't look to, don't look to the eyes of a
stranger.
Don't look to, don't look to, don't look to the eyes of a
stranger.
Don't look to, don't look to, don't look to the eyes of a
stranger.
Don't look to, don't look to, don't look to, don't look to.

Don't look to the eyes of a stranger,
don't look through the eyes of a fool,
don't look to the eyes of a stranger,
somebody's watching when the light goes down.
Don't look to the eyes of a stranger,
don't look through the eyes of a fool,
don't look to the eyes of a stranger,
somebody's watching when the light goes down.
Don't look to the eyes of a stranger!
