Face In The Sand

[Smith / Harris / Dickinson]

Everybody's waiting for something to happen  
Everybody's waiting for something to see  
Lunatics waiting for bigger disasters  
Everyone's waiting for news on TV

Winding lives at the end of the spiral  
Waiting dictators with their next big thrill  
Everyone's looking, but no one is listening  
Everybody wants to be in at the kill

I wait for the signs, they tell me true  
I see the signs of the end of time

Everyone's searching, but nothing's revealing  
Everyone's looking for the reason why  
Everyone's hoping for life everafter  
Everyone's looking at death from the sky

Everyone's nightmares are going to happen

Everybody's ripping the mask from their eyes  
Everyone's praying but no one's believing  
Everyone's heroes tell everyone's lies

I wait for the signs, they tell me true  
I see the signs of the end

[Chorus:]  
So I watch and I wait  
And I pray for an answer  
An end to the strife and the world's misery  
But the end never came  
And we're digging the graves  
And we're loading the guns for the kill

Can the end be at hand?  
Is the face in the sand  
Future memory of our tragedy?

Can the end be at hand?  
Is the face in the sand  
Future memory of our tragedy?

[Repeat chorus, last verse]
