I have sailed to many lands, now I make my final  
journey  
On the bow I stand, west is where I go  
Through the night I plough, still my heart, calculate and  
pray  
As the compass swings, my will is strong, I will not be  
led astray  
Mysteries of time clouds that hide the Sun  
But I know, but I know, but I know

I see the ghosts of navigators but they are lost  
As they sail into the sunset they'll count the cost  
As their skeletons accusing emerge from the sea  
The sirens of the rocks, they beckon me

Take my heart and set it free, carried forward by the  
waves  
Nowhere left to run, navigator's son  
Chasing rainbows all my days

Where I go I do not know, I only know the place I've  
been  
Dreams they come and go, ever shall be so  
Nothing's real until you feel

I steer between the crashing rocks, the sirens call my  
name  
Lash my hands onto the helm, blood surging with the  
strain  
I will not fail now as sunrise comes the darkness left  
behind  
For eternity I follow on there is no other way  
Mysteries of time clouds that hide the Sun

But I know, I know

I see the ghosts of navigators but they are lost  
As they sail into the sunset they'll count the cost  
As their skeletons accusing emerge from the sea  
The sirens of the rocks, they beckon me

Take my heart and set it free, carried forward by the

waves  
Nowhere left to run, navigator's son  
Chasing rainbows all my days

Where I go I do not know, I only know the place I've  
been  
Dreams they come and go, ever shall be so  
Nothing's real until you feel

I see the ghosts of navigators but they are lost  
As they sail into the sunset they'll count the cost  
As their skeletons accusing emerge from the sea  
The sirens of the rocks, they beckon me

Take my heart and set it free, carried forward by the  
waves  
Nowhere left to run, navigator's son  
Chasing rainbows all my days

Where I go I do not know, I only know the place I've  
been  
Dreams they come and go, ever shall be so  
Nothing's real until you feel
