[Originally by Budgie]

I can't see my feelings

Open my eyes

I can't see my feelings

Open a pair of eyes

I can't see my feelings

Keep them behind

I just keep on reeling

Running back down the line

Oh, I can't stand that screaming

Don't even try

Music fans some feelings

It'll be tell me why

I can't stop that feeling

Showing me why

Man I love that feeling

Yeah, blowin' me right through the sky

Oh hey hey hey hey hey hey

Oh, listen to what she says

If it's good, it's nice
