Infinite dreams, I can't deny them  
Infinity is hard to comprehend  
I couldn't hear those screams  
Even in my wildest dreams

Suffocation waking in a sweat  
Scared to fall asleep again  
In case, the dream begins again

Someone chasing, I cannot move  
Standing rigid a nightmare's statue  
What a dream when will it end  
And will I transcend?

Restless sleep, the minds in turmoil  
One nightmare ends another fertile  
It's getting to me so scared to sleep  
But scared to wake now, in too deep

Even though it's reached new heights  
I rather like the restless nights  
It makes me wonder it makes me think  
There's more to this, I'm on the brink

It's not the fear of what's beyond  
It's just that I might not respond  
I have an interest almost craving  
Would I like to get too far in?

It can't be all coincidence  
Too many things are evident  
You tell me, you're an unbeliever  
Spiritualist, well me, I'm neither

But wouldn't you like to know the truth  
Of what's out there to have the proof  
And find out just which side, you're on  
Where would you end in Heaven or in Hell?

Help me, help me to find  
My true self without seeing the future  
Save me, save me from torturing

Myself even within my dreams

There's got to be just more to it than this  
Or tell me why do we exist  
I'd like to think that when I die  
I'd get a chance, another time

And to return and live again  
Reincarnate, play the game  
Again and again and again and again
