Im gonna organize some changes in my life
Im going to exorcise the demons of my past
Im gonna take your car and hit the open road
Im feeling levity just open up and go

I just feel like I can do anything
But all my life Ive wished to be
Im going to decide just what I wanna be
Make my wildest dreams come true

CHORUS

Im on my way,
Out on my own again.
Im on the way,
Out on the road again.

I want to go back to how this place just used to be
And I was stuck inside a world of misery
I get so disappointed here inside myself
I couldnt find a way to break away the hell

When im feeling down and low
I thought id never be the same again
Foundation thats what i am
A man who stands strong but gonna be

CHORUS

Im on my way,
Out on the road again.
Im on the way,
Out on the road again.

Gonna break away
Out on my own
Gonna break away
On my own, yeah!
Break it away

CHORUS

Im on my way,
Out on my own again,

Im on my way,
Out on the road again,
Im on my way,
Out on my own again,
Im on my way,
Gonna break away!
