Siting waiting in the falling rain
Getting ready to begin again

Wounded lying crying
Bodies moving daying
All around there is the smell
Of death and fire

Here the planes are coming
Hear the soldiers running
Killing on a scale to comprehend

Why are we here
In this place... here to kill
Please God forgive us for
what we have done

I alwayys thought I was doing right
As of now I'm not feeling so sure

I'm at a place of where
I give no grace
I'm a soldier of war

I sit waiting for my darkest hour
To come
I cannot think about the things
That I have done
It shouldn't take a foot to see
That I believe
Accept he consequence
Repent for what I've done

You tell me what is certain
But I'll tell you what is true
You tell me that is honesty
When all around is death and cruelty

The making of a man is fire
Not giving in to our desires
Within the truth that lies
Within the only thing

Mother Of Mercy
Angel of death desire
Mother Of Mercy
Taking my last breath of fire

Mother Of Mercy
Angel of pain
Mother Of Mercy
Taking my last breath

Some say you are a lost cause
Some say you're a Saint
Just being here's an act of
suffering and restraint

Walk down the long dark road
To ruin panic not
I'll die a lonely death of that
I'm certain of

Rivers flow with blood
There's nowhere left to hide
It's hard to comprehend
There's anyone left alive

Sick of all the killing
And the reek of death
Will God tell me
What religion is to man

I don't hold with bad religion
Understand what's underneath it
Now I come to think of it
I just don't hold at all you know it

You say you are a holy man
But what is it you do
From where I stand is nothing
But a hollow man I see

Mother Of Mercy
Angel of death desire
Mother Of Mercy
Taking my last breath of fire

Mother Of Mercy
Angel of pain
Mother Of Mercy
Taking my last breath

I'm just a lonely soldier fighting

In a bloody hoples war
Don't know what I'm fighting
Who it is or what I'm fighting for

Though it was for money
Make my fortune now I'm not
So sure
Seem to just have lost my way
